

GALLERY OF FAMOUS POETS.

A MAGNIFICENT VOLUME.
This is admitted to be the most magnificent volume in all its details ever published in America. It is the first attempt to present such illustrations on one page with the literature of the country and art.

ONE HUNDRED ENgravings on STEEL.

MILES STANDISH ILLUSTRATED.

To be published the second week in December, 1858, for the holidays.

A VOLUME OF PHOTOGRAPHS.

From original drawings by John W. Ehinger, illustrative of

THE COURSHIP OF MILES STANDISH.

There will be eight or ten long photographs, 7x9 inches, of the most exquisite character, executed by Mr. Ehinger (the eminent photographer), whose name will be given in the history of the pictures. These photographs will be pasted upon heavy cardboards, with interesting cream colored leaves, containing the descriptive text; the whole to be bound in large, quite heavy Turkey morocco covers, with gold-tooled edges, and altogether a volume entirely filled with original photos, a magnificient enterprise, never before attempted in this country.

The expense in perfecting so rare a volume compel the proprietors to say that booksellers will please order early, to secure any copies of this volume, as the very slow process of printing (nothing being done in cloudy weather), will prevent a second edition of the work from being ready before Christmas and consequently only those ordered in advance can be promised.

Price \$6.00.
